

DESIGN CONTEST

DESIGNING WITH LIGHT:
FLEXIBLE SOLAR FOR
ARCHITECTURE

Step into the future of sustainable design.

This contest invites bold thinkers to reimagine what architecture can be when powered by Organic Photovoltaic (OPV) technology. Participants are challenged to integrate lightweight, flexible, and customizable OPV solutions into visionary building-applied and architectural concepts.

WWW.BOOSTER-OPV.EU

The BOOSTER project receives funding from the European Union's Horizon 2020 research and innovation programme under Grant Agreement No. 952911.

Who Can Join

Creative minds from every background:
Students • Designers • Architects • Innovators
Anyone driven by curiosity, energy, and
sustainability.

What We're Looking For

- Original, forward-thinking design concepts
- Smart and seamless integration of OPV technology
- Ideas that harmonize form, function, and user experience

How to Enter

- Submit your concept by 01 June 2026
- **Scan the QR code to apply**
